November 2017 Edition

Dear Parents,

Please take a look at the activities and celebration we had in school for the month of November.

Excursion

Road Safety Community Park

We visited the Road Safety Community Park for our excursion and it was so much fun!

Stopping at the traffic light

The highlight of the park was definitely the petrol station. We had a great time pretending to fill up the vehicles' petrol tanks.

One of the bus-stops at the park

And of course, since the beach was just a short walk from the park, we had our picnic there!

Writing on sand is free and fun! It's a good activity for us 😊

Interesting landmarks in the park!

Open House

Milk Experiment Activity

Role playing

3D shapes

Patterning

Exploring the different seeds

Leaf Printing

Counting Game with Ms. Stella

*I am glad to have been your teacher & I've come to love all of you. Remember all the fun we had and most of all, remember that you are unique in your own ways. I am so proud of what all of you have accomplished. Until we meet again!
Nursery B - Helpful Class.*
